

Allegretto by Suzuki

Must I play, everyday? Yes, you must play right now, then go out in the yard and with
— you may play.

Must I play, everyday? Yes you must play right now, then go out in the yard and have
fun.

Oh I like violin, and I will play right now. Make my bow sing and sing, then slow down
to this note.

Must I play, everyday? Yes you must play right now, then go out in the yard and have
fun.
